Question & Answers

Should I drop a class?
There are several things you should consider before dropping a class. If you receive FINANCIAL AID, dropping the class may affect your eligibility. Talk to your INSTRUCTOR about dropping the class, perhaps things aren’t as bad as they seem. Is this course a PREREQUISITE for another class that you will need later? Dropping a class may delay your graduation or transfer plans.

Additionally, the class may not be offered again when you need it. Some classes are only offered one semester a year. It may be another year before you can re-enroll in this class. The college provides FREE TUTORS for classes. Contact the Learning Center’s tutor services and they may be able to help you through the difficult times!

Where do I get my Student ID?
Students who are enrolled at Jefferson College will need a student identification card which also serves as their Library card. These cards will be issued to new students or for returning students in the Student Activities Office at Hillsboro, at the Library Circulation Desk at Hillsboro or Arnold, or in the Computer Lab at Northwest.

How do I get a parking sticker?
Pick up a registration form from the cashier. Return the completed form with your tuition payment. You will receive your parking sticker on the spot along with rules and regulations about driving and parking on campus.

## Policies and Guidelines

As part of its educational mission, Jefferson College strives to provide quality computing facilities. Each computer user is responsible for use of the computing resources in an effective, efficient, ethical, and lawful manner. Please note that computing at Jefferson College is a privilege, not a right.

It is the objective of Jefferson College to maintain an atmosphere of constructive learning, academic freedom and proper asset management and control.

### User Eligibility

All users must adhere to the Jefferson College computer Labs policy. Scheduled classes have priority use of the Computer Labs. Non-class users may be asked to leave during class sessions.

Otherwise, the campus computer labs are open-access labs available to students and staff of Jefferson College.

Other college district residents who would like to use a campus lab should contact a staff member. Approval will be based on availability of computers and an agreement to abide by the policies and guidelines established for the Lab. All lab users under the age of 18 who are not currently enrolled in a Jefferson College credit class must have written parental consent on file in order to use the Internet.
In some labs, students are required to show their student I.D. cards before using a computer.

**General Guidelines**

Access to computing resources is contingent upon prudent and responsible use. Inappropriate use of computing services and facilities will not be tolerated and may result in loss of computing privileges. In addition, disciplinary and/or legal action will be pursued for violation of these codes and statutes through appropriate procedures. To obtain additional information regarding the procedures and additional sanctions, students should refer to the Student Conduct Code found in the *Student Handbook*.

All computer users are expected to observe ethical behavior in the use of College equipment and services. Examples of *inappropriate behavior* include the following:

- Wasting limited resources, such as excessive printing or printing multiple copies
- Disproportionately using computing resources
- Altering, changing or deleting hardware and software configurations
- Loading unauthorized applications/program software onto lab computers
- Simultaneously using multiple computers
- Importing software of unknown or suspicious function or quality
- Using College computing facilities for commercial purpose
- Interfering in any way with another’s use of College equipment or services
- Causing a disturbance or nuisance in the Computer Lab

Examples of *unacceptable, zero tolerance behavior* include the following:

- Knowingly introducing a computer virus or other destructive program
- Creating, disseminating, or possessing pornography
- Possessing or using program, files, or instructions for violating system security
- Intimidating or creating an atmosphere of harassment based upon gender, race, religion, ethnic origin, creed, or sexual orientation
- Creating an “offensive educational environment”

College staff members have the authority to revoke computer lab privileges for any person engaged in inappropriate or unacceptable behavior in the computer lab. Disregard of any warnings issued or sanctions made will result in referral to the Dean of Student Services for disciplinary action.

No person may use College computing resources to violate any state or federal laws. Such actions will result in notification of the appropriate authorities. Examples of *illegal behavior* include the following:

- Creating, disseminating, or possessing child pornography
- Violation of copyright law (i.e. making illegal copies of copyrighted material. Such materials may include software, movies, music. For example, peer-to-peer file sharing is often used illegally)
- Fraudulent, threatening or obscene e-mail, graphics, or other electronic communications
- Unauthorized entry into secure web sites or servers.
Please note that, since the Jefferson College Labs are open-access labs, using a lab to review what may be considered pornographic or obscene material violates Student Conduct Code, III. Behavioral Misconduct by creating an “offensive educational environment.” If you are conducting research on a topic that may be considered harassing, contact the Lab Supervisor to make other arrangements.

It is important to note that if a student chooses not to disclose his/her disability to the DSS Office, the student is not covered under Section 504 or ADA and they cannot receive accommodation or support services.

It should be understood that not all accommodations received by a student in a high school setting are acceptable on the college level.

**Confidentiality**
Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 are mandates from the federal government that carry within them rules regarding the confidential treatment of disability related information. These guidelines require that disability-related information be: treated as medical information and handled under

**Appeal:** The exercise of the right to review by the student or Dean of Student Services of the full record of the Student Conduct and Scholastic Appeals Committee or the President where discipline of suspension or expulsion is imposed.

**Dean of Student Services:** As used in these procedures, the Dean of Student Services or designated representative charged with the primary responsibility for the administration of these disciplinary procedures.

**Reprimand and Warning:** A student may be given a reprimand accompanied by a written warning that the student may receive additional sanctions if the student engages in the same misconduct again or commits any other violation of this code.

**Disciplinary Probation:** After a finding of violation of the Code of Conduct, restriction of student’s privileges for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to be violating any College regulations during the probationary period. As a condition of probation, the student may be required to participate in a specific program, such as a counseling program, an educational project, or write a position paper on a topic related to the violation.
Disciplinary Suspension: An involuntary separation of the student from the institution for misconduct apart from academic performance for specified period of time. Suspension differs from expulsion in that after the stated time period the student is eligible to be re-admitted. The Dean of Student Services is required to notify the Office of the Registrar to indicate the suspension in the Student Record System. When the term of the suspension has ended, the Registrar will remove the notation from the Student Record System.

Disciplinary Expulsion: Permanent dismissal for disciplinary reasons. The Dean of Student Services is required to notify the Office of the Registrar to indicate the expulsion in the Student Record System. Furthermore, the student may not thereafter petition for re-admission to the College.

Other Disciplinary Sanction: Restitution, restriction, denial of privilege, assignment to perform services for the benefit of the College or community; or other sanction that does not result in the student being denied the right to attend classes.

Discipline Panel: A panel of students appointed by the President from which members shall be selected to serve on the Student Conduct and Appeals Committee.

Review: The exercise of the right of the student or Dean of Student Services to request review by the President, whether or not discipline is imposed and when the discipline imposed is other than suspension or expulsion.

Student: A person currently enrolled in the College or one who was enrolled at the time of the alleged infraction. For the purpose of these rules, student status continues whether or not the College’s academic programs are in session. A person not falling within the definition of a student may not be entitled to the benefits of these procedures but shall be subject to prosecution by civil authority for illegal actions.

Student Conduct and Appeals: As used in these procedures, “Student Conduct and Appeals” is that body which is authorized to conduct hearings and to make dispositions under these procedures.

RULES OF PROCEDURE

Section 1. Initiation of Disciplinary Proceedings

Any academic or administration official, any faculty member or classified staff member, or any student of the College may request initiation of disciplinary procedures against any student suspected of violation of Board policies or College regulations.

Section 2. Designation of College Official for Administration of Discipline

The Dean of Student Services or designated representative is the primary officer for administration of discipline for unacceptable conduct or for conduct which involves infraction of College rules and regulation, and he/she will initiate disciplinary action in accordance with these regulations.
Section 3. Preliminary Procedures

Disciplinary proceedings are not to be construed as judicial trials, but care shall be taken to comply as fully as possible with the spirit and intent of the procedural safeguards set forth herein.

The appropriate administrative officer shall investigate any reported student misconduct before initiating disciplinary procedures and give the student the opportunity to present his/her personal version of the incident or occurrence. The administrative officer may discuss, consult and advise with any student whose conduct is called into question. The student shall attend such consultations as requested and shall be given a copy of these Rules of Procedure. The administrative officer, in making the investigation and disposition, may utilize students, boards, faculty or administrators to make recommendations which shall be considered in carrying out the authority granted under administrative officer. Any written correspondence between the administrative officer and the student that is not hand delivered to the student by the officer shall be sent certified, return receipt requested.

Section 4. Informal Disposition

The administrative officer, after investigation and when acceptable to the student, shall have the authority to impose appropriate discipline. The administrative officer shall fix a reasonable time (such as five business days) within which the student shall either accept or reject such proposed disposition. Failure of the student to respond in writing within the time fixed shall be deemed to be an acceptance, and in such event, the proposed disposition shall become final upon expiration of such time. Where the disposition proposed in the preliminary proceeding is not accepted by the student in writing, the matter shall be referred to the Dean of Student Services for resolution. If resolution is not accomplished, the student shall have the rights of notice, hearing and formal procedures as hereinafter set forth before the Student Conduct and Appeals Committee. The Dean of Student Services, at his/her discretion, may refer cases to the Student Conduct and Appeals Committee without first offering informal disposition.

Section 5. Temporary Removal From a Facility

The supervisor of an educational or service area may at any time suspend or remove a student from the supervisor’s assigned area of responsibility pending informal or formal procedures when he/she finds and believes from information coming to his/her attention that the presence of a student in that area is seriously disruptive or there is reason to believe that the student is in violation of the Code and the student’s continued presence will constitute further violation. Such summary removal shall not exceed a period of five (5) business days, unless within such time the College has commenced disciplinary procedure and diligently pursues each procedure to its conclusion, in which event such summary removal may be continued until such conclusion.

Section 6. Temporary Suspension

The President or members of the President’s Cabinet may at any time suspend or deny re-admission to a student from the College pending formal procedures when he/she finds and believes from information coming to his/her attention that the presence of a student on campus would seriously disrupt the operation of the College or constitute a danger to
the records or other physical properties of the College or to the health, safety, or welfare of the student or other persons. Such summary suspension shall not exceed a period of five (5) business days, unless within such time the College has commenced formal disciplinary procedure and diligently pursues each procedure to its conclusion, in which event such summary suspension may be continued until such conclusion.

Section 7. Formal Procedures and Disposition

a. Student Conduct and Appeals Committee: The Student Conduct and Appeals Committee shall consist of full-time faculty members and students in equal numbers plus a faculty chairperson who shall participate in all activities of the committee but vote only in case of a tie. The Committee shall select its own chairperson. The Student Conduct and Appeals Committee shall have the authority to impose appropriate discipline upon any student or students appearing before it, including, but not limited to probation, suspension, or expulsion. The President shall appoint a panel of students for the College to be known as the Discipline Panel. The panel shall consist of twice the number of students that will be expected to serve on the Student Conduct and Appeals Committee for a hearing. Members of the Panel not assigned to membership on the Committee shall serve as alternates. The accused student or the Dean of Student Services, for good cause, may challenge the services of any faculty or student member on the Committee. The student, at his/her discretion, may have his/her case heard by a committee of faculty members only. Indication of his/her desire for an all-faculty committee shall be made to the Dean of Student Services or the chairperson of the Committee in writing not less than forty-eight (48) hours before the time scheduled for the hearing.

b. General Statement of Procedures: A student charged with a breach of College rules or regulations or conduct in violation of the General Standard of Student Conduct is entitled to a written notice of the alleged violation(s), its source in College policy, and a formal hearing unless the matter is disposed of under the rules for informal disposition. The procedures set forth below shall be interpreted and administered to accomplish this objective and provide for prompt consideration and disposition of student conduct cases.

c. Notice: The Dean of Student Services shall initiate disciplinary actions by arranging with the chairperson to call a meeting of the Student Conduct and Appeals Committee and by giving written notice by certified mail or personal delivery to the student charged with misconduct, which shall set forth the date, time and place of the alleged violation, the conduct to be inquired into, and the date, time and place of hearing before the Student Conduct and Appeals Committee. Notice by certified mail may be addressed to the last address currently on record with the College. Failure by the student to have his/her current correct local address on record with the College shall not be construed to invalidate such notice. The notice shall be given at least ten (10) consecutive calendar days prior to the hearing, unless a shorter time has been fixed by the chairperson for good cause. Any request for continuance shall be made in writing to the chairperson, who shall have the authority in his/her discretion to continue the hearing if he/she determines the request is timely and made for good cause. The chairperson shall notify the Dean of Student Services and the student of the new date for the hearing. If the student fails to appear at the scheduled time, the committee may hear and determine the matter in his/her absence.
d. Conduct of Hearing: The chairperson shall preside at the hearing, call the hearing to order, call the roll of the Committee in attendance, ascertain the presence or absence of the student charged with misconduct, read the notice of hearing and charges and certify the receipt of notices of charges by student, report any continuances requested or granted, establish the presence of any adviser of the student, call to the attention of the student charged, and the student’s adviser, any special or extraordinary procedures to be employed during the hearing and permit the student to make suggestions of or objections to any procedures for the Student Conduct and Appeals Committee to consider.

1. Opening Statements: (1) The Dean of Student Services shall make opening remarks outlining the general nature of the case and testify to any facts the investigation has revealed. (2) The student may make a statement to the Committee about the charge at this time or at the conclusion of the College’s presentation, at his/her election.

2. College Evidence: (1) College witnesses are to be called and identified or written reports or evidence introduced as appropriate. (2) The Committee may question witnesses at any time. (3) The student or, with permission of the Committee, his/her adviser may questions witnesses or examine evidence at the conclusion of the College’s presentation.

3. Student Evidence: The student shall have the opportunity to make a statement to the Committee about the charge, and may then present further evidence through witnesses or in the form of written memoranda as he/she desires. The Committee may question the student or witnesses at any time. The Dean of Student Services may question the student or witness.

4. Rebuttal Evidence: The Committee may permit the College or the student to offer any matter in rebuttal of the other’s presentation.

e. Rights of Student Conduct and Appeals Committee: The Student Conduct and Appeals Committee shall have the right: (a) in cases involving more than one student which arise out of the same transaction or occurrence, to hear such cases together (in that event, separate findings and determinations for each student shall be made); (b) to permit a stipulation of facts by the Dean of Student Services and the student involved; (c) to permit the incorporation in the record by a reference of any document, affidavit or other thing produced and desired to be incorporated in the record by the College or the student charged; (d) to question witnesses or other evidence introduced by either the College or the student at any time; (e) to hear from the Dean of Student Services about dispositions made in similar cases and any dispositions offered to the student appearing before the Committee: (f) to call additional witnesses or require additional investigation, (g) to dismiss any action at any time or permit informal disposition as otherwise provided; (h) to at any time permit or require amendment of the Notice of Hearing to include new or additional matters which may come to the attention of the Committee before final determination of the case, provided, however, that in such event the Committee shall grant to the student or Dean of Student Services such time as the Committee may determine reasonable under the circumstances to answer or explain such additional matters; (i) to dismiss any person from the hearing who interferes with or obstructs the hearing or fails to abide by the rulings of the chairperson or the Committee on request, and (j) to summarily suspend students from the hearing who, during the hearing, obstruct or interfere with the course of the hearing or fail to abide by the ruling of the chairperson of the Committee on any procedural question or requests of the chairperson for order.
f. Student Rights Upon Hearing: A student appearing before the Student Conduct and Appeals Committee pursuant to formal notice of charges and disciplinary hearing shall have the right: (a) to be present at the hearing; (b) to have an adviser of his/her choice appear with him/her and to consult with such advisor during the hearing; (c) upon timely request, to have students from the Discipline Panel sit with the Committee in his/her case; (d) to hear or examine evidence presented to the Committee against him/her at the hearing; (e) to present evidence by witness or affidavit of any defense the student desire; (f) to make any statement to the Committee in mitigation or explanation of the conduct in question that the student desire; (g) to be informed in writing of the findings of the Student Conduct and Appeals Committee and any discipline it imposes; and (h) to appeal to the President or Board of Trustees as herein provided.

g. Determination by Committee: At the close of the hearing, the Dean of Student Services and the student charged will be excused and the Student Conduct and Appeals Committee, in executive session, shall then make its findings and determination. Separate findings are to be made (a) as to the conduct of the student and (b) on the discipline, if any, to be imposed. No discipline shall be imposed on the student unless a majority of the Committee present is reasonably convinced by the evidence and indicates by vote that the student has committed the violation charged and should be therefore disciplined.

h. Official Report of Findings and Determinations: The Committee shall promptly transmit both its findings and determination to the Dean of Student Services and the student charged forthwith.

i. Other Procedural Questions: Procedural questions which arise during the hearing not covered by these general rules shall be resolved by the chairperson, whose ruling shall be final unless the chairperson shall present the question to the Committee at the request of a member of the Committee, in which event the ruling of the Committee by majority vote shall be final.

j. General Rules of Decorum: The following general rules of decorum shall be adhered to: (a) All requests to address the Committee shall be addressed to the chairperson. (b) The chairperson shall rule on all requests and points of order and may consult with the Committee’s legal adviser prior to any ruling. The chairperson’s ruling shall be final and all participants shall abide thereby, unless the chairperson shall present the question to the Committee at the request of a member of the Committee, in which event the ruling of the Committee by majority vote shall be final. (c) Rules of common courtesy and decency shall be observed at all times by all parties present. (d) An advisor may be permitted to address the Committee at the discretion of the Committee. An advisor may request clarification of a procedural matter or object on the basis of procedure at any time by addressing the chairperson after recognition.

Section 8. Record of Hearing

A taped or stenographic record of the hearing shall be maintained. The hearing record shall be maintained and kept as long as the discipline imposed shall be in force, or for five (5) years, whichever is earlier. The notice, exhibits, hearing record and the findings and determination of the Committee shall become the “Record of the Case” and shall be filed in the office of the Dean of Student Services and, for the purpose of appeal, be accessible at reasonable times and places to both the College and the student. Minutes of the hearing are confidential and shall not be given general distribution.
Section 9. Right of Appeal

a. When a student is suspended, expelled or dismissed by the College or by the Student Conduct and Appeals Committee, the Dean of Student Services or the student may appeal such decision to the President of the College by filing written notice of appeal with the President of the College within ten (10) consecutive calendar days after notification of the decision of the Student Conduct and Appeals Committee. A copy of the Notice of Appeal will be simultaneously given by the student to the Dean of Student Services or by the Dean of Student Services to the student. The appealing party may file a written memorandum for consideration by the President with the Notice of Appeal, and the President may request a reply to such memorandum by the student or the Dean of Student Services.

b. The President shall review the full record of the case and the appeal documents and may affirm, reverse, or remand the case for further proceedings and shall notify the Dean of Student Services and the student, in writing, of the decision on the appeal.

c. The Dean of Student Services or the student may thereafter appeal to the Board of Trustees of Jefferson College by filing a written Notice of Appeal with the President of the College, the President and the Secretary of the Board of Trustees and giving notice to either the student or the Dean of Student Services, as appropriate. Such Notice of Appeal must be filed within ten (10) days of the notification of action by the President. Upon the filing of a Notice of Appeal to the Board, the President shall cause the record of the case, including any written memoranda received during his/her consideration, to be promptly filed with the Secretary of the Board through the Office of the President.

d. The appealing party may file a written memorandum for consideration by the Board of Trustees with the Notice of Appeal if the student so desires, and the President may file a written reply within ten (10) consecutive calendar days.

e. The Board of Trustees shall take such action on the appeal as it deems appropriate and may require a new hearing (de novo) on the issues made on the appeal. The Secretary of the Board shall notify the student, the Dean of Student Services, the chairperson of the Student Conduct and Appeals Committee, and the President in writing of the decision of the Board.

Section 10. Right to Petition for Review

a. In all cases where the discipline imposed by the Student Conduct and Appeals Committee is other than suspension or expulsion, the Dean of Student Services or the student may petition the President in writing for a review of the decision within five (5) consecutive calendar days after the notification of the decision of the Student Conduct and Appeals Committee and by serving a copy of the Petition for Review upon the non-appealing party within such time. The Petition for Review shall site the ground or reasons for review, and the non-appealing party may answer the petition within five (5) consecutive calendar days if the student so desires.

b. The President may grant or refuse the right of review. If the President reviews the decision, the action of the President shall be final unless the decision is it be to refer the matter for further proceedings.
Section 11. Status During Appeal

In cases of suspension or expulsion where a Notice of Appeal is filed within the required time, a student may petition the appellate authority in writing for permission to attend classes pending final determination of the appeal. The appellate authority may permit a student to continue in school under such conditions as may be designated pending completion of appellate procedures provided such continuance shall not seriously disrupt the College or constitute a danger to the health, safety, or welfare of the College community. In such event, however, any final disciplinary action imposed shall be effective from the date of the action of the Student Conduct and Appeals Committee.

Section 12. Notification of a Victim

a. A person who is a victim of any misconduct for which disciplinary proceedings are conducted under this code is entitled to participate in all proceedings, except for the final deliberative process in which the hearing officer or panel weigh the evidence presented and arrive at a decision.

b. If the subject matter of the disciplinary proceeding involves a crime(s) of violence and/or sex offense(s) and the accused is determined to have committed the act, the Dean of Student Services is required to notify the victim of the outcome of the disciplinary proceedings within five (5) business days after the proceedings have been concluded.

c. If the student(s) against whom a sanction(s) is rendered discusses the judicial process, or the outcome of the judicial process, in a public forum, any claim to confidentiality is waived.

Official Student Records

Official records are maintained on each student enrolled in the College. Procedures for development and use of cumulative record files are written to comply with the Family Educational Rights and Privacy Act of 1974 as amended. Information placed in student records is limited to those items necessary to fulfill the purpose of student records as stated above or as may be required by law, by state regulation, or as authorized by the Board of Trustees.

Notification of Rights Under FERPA

The Family Educational Rights and Privacy Act of 1974 as amended (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the College receives a request for access. Students should submit to the Registrar, Dean, or other appropriate official, written requests that identify the records they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading. Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interest. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Jefferson College makes available to the public the following directory information: name, address, telephone number, date of birth, Jefferson College e-mail address, dates of attendance at Jefferson College, full or part-time enrollment status, major area of study, participation in officially recognized sports, degrees or certificates awarded, awards received, photograph, and the most recent prior school attended. Additionally, students are included in graduation lists, dean’s lists, and enrollment lists to the military. If the student objects to the release of directory information, the student should contact the Registrar’s Office before beginning classes. New and returning students are advised that the social security number is voluntarily disclosed and is maintained as confidential information.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the office that administers FERPA are: Family Policy Compliance Office; U.S. Department of Education; 400 Maryland Avenue, SW; Washington, DC 20202-5920.

Any other records shall be of a temporary nature and shall be destroyed when their usefulness is no longer apparent or when the student leaves the College. Guidelines for periods of retention and methods of destruction are consistent with state and national standards.
Student Appeal Process for Misapplication of College Policies, Procedures, & Practices

A Jefferson College student may appeal any instance of misapplication of College policy, procedure, or practice which adversely affects him/her. Under this process, the student may not appeal the following:

A. The receipt of a grade or academic sanctions; or
B. Established College policies or procedures.

The College Student Appeal Process provides the student due process in the resolution of appeals. Where a specific College process is provided for resolution of a complaint it must be used. The decision shall be final if the student fails to employ the steps and time periods of the Student Appeals Process.

A student who alleges that he/she has been adversely affected by the misapplication of College policy, procedure, or practice shall first meet informally with the person applying the policy, procedure, or practice to discuss the situation in an attempt to reach an informal resolution. If this meeting does not resolve the situation, the following process of appeal shall be used if any appeal is filed:

1. The student shall, within five class days of knowledge of the circumstance, submit written material to the College official who allegedly misapplied College policy, procedure, or practice. The written materials should indicate that a formal appeal of the issue is being initiated, request reconsideration, explain the situation being appealed, the basis for the appeal, including the policy, procedure, or practice, and produce any written evidence. The student and employee of the College shall meet within two class days after receipt of the materials. The employee shall provide the student a written decision within two class days following the meeting.

2. If the initial formal decision is adverse to the student, she/he may appeal the decision to the employee’s immediate supervisor within five class days thereafter except if the immediate supervisor is a senior College official, the process moves to paragraph three. The supervisor will be provided copies of all previously considered materials from the student and written materials from the employee on which the earlier decision was based. The supervisor will review all supporting materials submitted as well as any other relevant materials and will meet with student and employee within five class days thereafter to further discuss and clarify the question at issue. The supervisor will render a written decision to student and employee within five class days thereafter to further discuss and clarify the question at issue. The supervisor will render a written decision to student and employee within two further class days. The student may appeal the decision of the supervisor to the Student Appeals committee within two class days after receipt of the decision on written notice to the College President.

3. The Student Appeals Committee shall be composed of two students appointed by the student government president, two faculty, and one each of classified professional and certified employees all appointed by the College President. No committee members may have a material interest in or knowledge of the issue on appeal. The Student Appeals
Committee shall receive for review and information all written materials relevant to the appeal which will be independently reviewed by committee members. The committee may collect additional information it deems necessary to rule on the question. The Student Appeals Committee will schedule a meeting on the appeal after written materials have been reviewed and invite the appealing student and College employees earlier involved in the appeal process to present evidence and clarify any of the written materials. Other parties may be invited by the Student Appeals Committee to speak with it if necessary. Committee members may question all participants regarding written or verbal statements. The committee may select its own chair, devise its own rules, may limit discussion, and otherwise conduct the meeting as it deems fair and appropriate.

4. The Student Appeals Committee will make its recommendation in writing on the dispensation of the appeal to the appropriate senior level College official. The senior official will review the committee recommendation and all supporting documents with the committee chair. The committee’s recommendation is advisory and the senior official will render a written decision on the appeal to all involved parties within five class days of receipt of the committee recommendation. The decision on the appeal at this level is final.

Grade Appeal Process

Informal Grade Appeal Resolution
Upon receipt of the grade in question, the appellant (student) shall immediately contact the instructor of record to determine why the discrepancy exists between the grade expected and the grade received. This contact should be in person whenever possible, and every effort should be made by both parties to satisfactorily settle the matter at this level.

Formal Grade Appeal Review Process
If the issue cannot be settled on an informal basis to the satisfaction of both parties, the appellant shall:

Contact the instructor of record in writing within five school days of receipt of the grade. The appellant must document in writing justification for requesting a change of grade. The instructor of record shall respond in writing within two school days following receipt of the written appeal, documenting the reason(s) for the determination of the grade.

If the appellant is convinced the issue has not been justly resolved, he/she must file within two school days of receipt of the instructor’s decision, a written appeal of the decision with the appropriate Dean. The Dean will review the written statements of the appellant and the instructor of record. The Dean will inform the appellant in writing of his/her decision within two school days.

If the appellant remains unsatisfied, he/she must, within two school days from receipt of the Dean’s decision, file a written appeal with the Chief Academic Officer. The Chief Academic Officer will review all written statements and documentation and will pursue any other means deemed necessary to reach a decision on the appeal. The Chief Academic Officer will, within two school days from receipt of the appeal, inform the student and the instructor of record in writing of his/her decision. The decision of the Chief Academic Officer is final.
Minimum Standards of Academic Progress

All students must meet guidelines regarding Academic probation and suspension. Students receiving Financial Aid must meet additional requirements.

Academic Probation, Suspension and Readmission Guidelines

Not all students who enroll at Jefferson College will achieve at the same level, and no policy of the College is intended to discourage any sincere, conscientious person. However, each student is expected to make reasonable progress toward graduation. A student is considered to be making minimum progress if he or she has a cumulative grade point average as follows:

After 10 hours of course work have been attempted - 1.50
After 20 hours of course work have been attempted - 1.60
After 30 hours of course work have been attempted - 1.75
After 40 hours of course work have been attempted - 1.85
After 50 hours of course work have been attempted - 2.00

A student whose progress falls below minimum requirements is placed on academic probation. If the student has not removed the probation by the end of the following semester, the student is automatically suspended for one semester. The student may appeal his or her suspension by meeting with the Dean of Student Services. If the student is readmitted and again falls below minimum requirements, the student will again be suspended. After the second suspension the student may be readmitted only upon recommendation from the Student Conduct and Scholastic Appeals Committee. Procedures for petitioning the Student Conduct and Scholastic Appeals Committee are available from the Dean of Student Services.

Financial Aid Guidelines

Federal and state financial aid is intended to assist students as they make successful progress towards completing a degree. Therefore the student carries the responsibility to demonstrate satisfactory academic progress.

There are several factors that effect satisfactory academic progress. It is your responsibility to read this information and understand all the variables involved.

In turn Jefferson College has the responsibility of monitoring student progress as follows:

The Higher Education Act of 1965, as amended by Congress in 1992, mandates institutions of higher education to define, establish, and enforce minimum standards of satisfactory academic progress for students receiving financial assistance.
Students receiving assistance from federal and state sources must meet the College’s satisfactory academic progress policy in order to maintain their financial assistance eligibility.

The policy is based upon cumulative numbers, including non-degree hours attempted, and is applied consistently to all federal and state Student Financial Aid programs.

The policy is applied equally to new, continuing and transfer students. All students are required to meet the cumulative requirements to be eligible to participate in the federal and state financial aid programs administered by Jefferson College.

**Grades**
Successful completion is defined as receiving a grade of A, B, C or D.

A grade of “F” (Failure), “W” (Withdrawal), “H” (Audit), or “I” (Incomplete) is considered unsatisfactory. All coursework must be completed within the regular semester time frame. Although the College allows a student to take an Incomplete grade in a course and complete the course in the following semester, the course was not completed in the specified time frame, and the grade is therefore, unsatisfactory.

Students who wish to Audit a course must declare this intent prior to the start of the course, as this course is not part of the degree program. Failure to do so will result in the course being calculated in the cumulative hours attempted for financial aid eligibility.

**Grade Point Average**
Financial Aid recipients are required to maintain a cumulative grade point average of 2.0.

<table>
<thead>
<tr>
<th>Is it better to withdraw or take an F?</th>
</tr>
</thead>
<tbody>
<tr>
<td>This is a frequently asked question. As you can tell by the policy above, a “W” will not effect the grade point average, but will adversely affect the attempted vs. earned ratio. A grade of “F” will negatively effect both. Thus, it is advisable for a student failing a course to withdraw.</td>
</tr>
</tbody>
</table>

**Hours Attempted vs. Hours Earned**
Students must complete a cumulative total of 67% of all coursework attempted, including degree and remedial coursework within the regular semester. Coursework attempted during all semesters, including fall, spring and summer will be evaluated.

Students participating in the Jefferson College Financial Aid Program are required to submit official college transcripts from previous institutions. Transfer credit accepted from other colleges and universities will be included in the number of credit hours attempted and earned.
Example:
In the fall, Jane Doe attempts 15 credit hours and completes nine. She withdrew from two, three-credit hour courses. Jane completed 60% of the coursework she attempted. This is below the minimum standard of 67%. Therefore, Jane is on probation going into the spring semester. While on probation she can continue to receive financial aid. However, she must carefully consider the number of credit hours she attempts in the spring.

In the spring Jane attempts nine credit hours and completes all of them. Now, her cumulative record shows that she has attempted 24 and completed 18. She has improved her standing and now has completed 75% of all coursework she has attempted. Now Jane is back in good standing and removed from financial aid probation.

However, if Jane did not improve her attempted vs. earned ratio at the end of the spring semester, she would have been placed upon financial aid suspension and, therefore, ineligible to receive financial aid in future semesters.
**Maximum Time Limits**
Financial Aid recipients must complete their specified degree program within 150% of the published length of the program.

**Associate of Arts (AA)**
Hours Required 62  Maximum Hours Allowed  93

**Associate of Science (AS)**
Hours Required 62  Maximum Hours Allowed  93

**Associate of Applied Science (AAS)**
Hours Required 62-72*  Maximum Hours Allowed  108

**AAS-Nursing**
Hours Required 77  Maximum Hours Allowed  125

Certificate-seeking students are evaluated based upon the number of hours required for the certificate. Maximum time limits range from 45-93 hours, depending on the length of the program. Once a student reaches the maximum hours attempted for their program of study they will no longer be eligible to receive financial aid at Jefferson College.**

* AAS degree requirements vary by program.
** Students who have extenuating circumstances may appeal to the Satisfactory Academic Progress Appeals Committee.

**What happens if I fail to meet minimum standards of satisfactory progress?**

**Financial Aid Probation**
Failure to meet all parts of the satisfactory academic progress policy will result in financial aid probation. Students may continue to receive assistance for one semester, but must regain satisfactory progress status at end of the probationary period.

**Financial Aid Suspension**
Continued failure to meet the policy guidelines will result in financial aid suspension. Financial aid suspension means the termination of all federal and state financial aid.

**Can I get state and federal financial aid funds reinstated?**
A student will regain eligibility to participate in the financial aid programs, upon coming into compliance with the cumulative coursework attempted and GPA requirements as specified above.

**Student’s right to appeal financial aid suspension**
In the event of extenuating circumstances, the student may request to be continued in the financial aid program through a written appeal to the Director of Admissions and Financial Aid. The Financial Aid Appeals Committee will review all written appeals and notify the student of the results.

Further instructions related to the appeal process will accompany the letter of suspension.
Permanent Loss of Eligibility

Students who have attempted the maximum number of hours attempted in their specified degree program cannot regain eligibility for federal funding at Jefferson College.

US Department of Education
Return of Title IV Funds Policy

Students who have been paid federal financial aid funds are required to earn these funds by attending classes through at least 60% of the period of enrollment. Students who quit attending or withdraw from all courses prior to the 60% point in the semester, but have already received their federal financial aid disbursement for the semester, may have been overpaid. If an overpayment occurs, the student is required to repay a portion of the funds to the school and to the U.S. Department of Education.

Which financial aid funds are affected?

The federal repayment policy, established by the U.S. Department of Education, through the re-authorization of the Higher Education Act of 1965, as amended in 1998, affects students who have received assistance through the following federal financial aid programs:

- Pell Grant
- Supplemental Education Opportunity Grant (SEOG)
- Stafford Subsidized and Unsubsidized Loans
- Parent (PLUS) Loans

When is the 60% point in the semester?

For the 2007-2008 academic year the 60% point for each semester is:

- Fall 2007 Semester
  - October 29, 2007
- Spring 2008 Semester
  - March 26, 2008
- Summer 2008 Intercession
  - May 23, 2008
- Summer 2008 Six-Week Semester
  - June 25, 2008
- Summer 2008 Eight-Week Semester
  - July 3, 2008

Please Note: Dates will vary for telecourses and short-term classes. The longer a student remains in attendance, the smaller the amount of refund they will owe.
Students who remain in attendance through at least the first 60% of the period of the semester, but later withdraw from the College, will not be required to repay any portion of their federal financial aid.

❖ **How is the overpayment amount determined?**

The overpayment amount is based upon the number of days in the semester the student has completed. The more days the students has been in attendance, the less the overpayment requirement will be. A federally mandated formula is used to calculate the amount of the overpayment.

❖ **How does the school determine my last date of attendance?**

Attendance is determined through the official withdrawal records of the College and attendance information reported by faculty. If you are not attending classes, you are expected to complete the official withdrawal process of the College. This official withdrawal date is considered to be your last date of attendance. If you enroll, attend none, and do not officially withdraw from classes; you will be responsible for a 100% overpayment of any federal aid disbursements you receive. To complete the withdrawal process contact the Registrar/Student Records Office, located in the Student Center.

❖ **Will this effect me if I withdraw from an individual course?**

This policy only applies to students who:
• Withdraw from all classes prior to the 60% point of the semester
• Students who fail all of their classes and cease attendance prior to the 60% point of the semester.
  
  *It does not apply to a student who has withdrawn from selected courses.*

❖ **Do I send the amount of my overpayment to the school or to the U.S. Department of Education?**

If an overpayment of federal financial aid occurs, the student may be required to return a portion of the overpayment to the school and to the U.S. Department of Education. The College will bill the student for the total overpayment and allow 45 days for repayment. Any unpaid balance of a required overpayment due to the U.S. Department of Education will be reported to them after 45 days. Any unpaid balance due to the school will be subject to collection action.

❖ **When will I know if I have to return an overpayment?**

The College reviews all student attendance and official withdrawal information throughout each semester. If you are required to repay all or a portion of your financial aid, the amount will be posted to your Jefferson College student account and you will receive a bill.

*This policy only applies to students who withdraw from all courses or completely stop attending all classes.*
How can I avoid getting into a situation that will require the return of an overpayment?

Many students panic when they begin to struggle in classes. They will withdraw from all classes even though they may be doing well in one or two classes. Only withdraw from the classes that are giving you the most difficulty. Attempt to finish as many classes as you can.

** IMPORTANT NOTICE **

Students receiving any form of federal, state or institutional financial aid, are prevented from being dropped from courses for non-payment.

Financial aid awards count as an anticipated payment. *If you are not planning to attend the College, you must officially withdraw from your classes.* If you do not withdraw, your courses will be held and financial aid will be applied to your account to pay for the courses, resulting in an eventual overpayment.

Child Development Center
Now Accepting Enrollment for Children ages 2 - 12

Children are born with a desire to learn about and make sense of the world. Research has shown that when children are able to choose what they would like to learn about, they not only gain knowledge and skills, but also are highly motivated to do so. Our teachers foster this early love for learning by allowing children choices in their activities and by supporting their attempts to solve their own problems. It is amazing to watch as they build relationships, develop self-control and gain independence.

Also offered is an exciting before/after and summer school age program. School age children love being involved in the classroom planning. Examples of interest. Clubs include film making, photography, astronomy, Egypt, cake baking and decorating, jewelry design, junk art, juggling, etc.
