JEFFERSON COLLEGE
COURSE SYLLABUS

PTA 240
PTA Principles and Procedures III

3 Credit Hours

Prepared by:
Bridget B. Webb, PT, MPT, CEEAA Physical Therapist Assistant Program Director

October 25, 2011

Elizabeth Check, Dean, Career and Technical Education
Dr. Mary Beth Ottinger, Division Chair
PTA240 PTA Principles and Procedures III

I. CATALOGUE DESCRIPTION

A. Prerequisite: Neuromotor Development with a grade of “C” or better and successful completion of Clinical Experience I 
B. Credit hour award: 3
C. Description: This combination lecture-lab course is the third in a series of four designed to provide students with the opportunity to learn and perform patient care skills. Students will study basic physical therapy theories and principles with a hands-on introduction to essential patient care skills and data collection techniques including therapeutic exercises and other techniques specific to children and adults with common neuromuscular conditions. This course will also address application of documentation techniques and appropriate progression through a plan of care established by a supervising physical therapist for this patient population. A grade of “C” or better is required in this class to progress to Clinical Experience II. (F)

II. EXPECTED LEARNING OUTCOMES/CORRESPONDING ASSESSMENT MEASURES (Numbers in parentheses refer to CAPTE performance expectations)

<table>

<tr>
<td>--------------------------------</td>
<td>-------------------------------------</td>
</tr>
<tr>
<td>Demonstrate competence in implementing components of the plan of care established by the physical therapist to include functional training, developmental activities, manual therapy techniques, and therapeutic exercise for aerobic conditioning, balance and coordination, range of motion, postural awareness, stretching, strengthening, and reconditioning as they related to patients with neurological conditions. (3.3.2.7., 3.3.2.7.1-7., 3.3.2.7.10-11, 3.3.2.7.20-21, 3.3.2.7.23-27.)</td>
<td>Practical Examinations Skills Checks</td>
</tr>
<tr>
<td>Demonstrate competence in performing components of data collection skills essential for carrying out the plan of care to include vital signs responses to positional changes and activities, changes in patients' states of arousal, mentation, and cognition, safety with and ability to care for devices, progression of patients engaged in gait, locomotion, balance, and wheelchair management and mobility, joint integrity, muscle performance, pain, posture, range of motion, self-care and home management as they relate to patients with neurological conditions. (3.3.2.8., 3.3.2.8.2., 3.3.2.8.5-9., 3.3.2.8.14-18., 3.3.2.8.22-31.)</td>
<td>Practical Examinations Skills Checks</td>
</tr>
<tr>
<td>Demonstrate competence in performing components of data collection skills essential for carrying out the plan of care to include recognition of gross and fine motor milestones and righting and equilibrium reactions. (3.3.2.8., 3.3.2.8. 19-21.)</td>
<td>Practical Examinations Skills Checks</td>
</tr>
<tr>
<td>Summative Written Examinations Written Assignments Class Discussion/Activity</td>
<td></td>
</tr>
<tr>
<td>Modify interventions within a plan of care established by the physical therapist in response to patient clinical indications and/or changes in patient status and reports this to the supervising physical therapist. (3.3.2.9., 3.3.2.11.)</td>

III. OUTLINE OF TOPICS

A. Positioning and Handling to Foster Motor Function
   1. Children with Neurologic Deficits
   2. General Physical Therapy Goals
   3. Function Related to Posture
   4. Positioning and Handling Interventions
   5. Interventions to Foster Head and Trunk Control
   6. Adaptive Equipment for Positioning and Mobility
   7. Functional Movement in the Context of the Child’s World

B. Cerebral Palsy
   1. Associated Deficits
   2. Physical Therapy Examination
   3. Physical Therapy Intervention

C. Myelomeningocele
   1. Clinical Features
   2. Physical Therapy Intervention

D. Disorders of Consciousness
1. Coma
2. Vegetative State
3. Minimally Conscious State

E. Balance and Fall Risk
1. Role of Vestibular System
2. Postural Control

F. Adult Non-progressive Central Nervous System Disorders
1. Cerebrovascular Accident
2. Traumatic Brain Injury

G. Progressive Central Nervous System Disorders
1. Multiple Sclerosis
2. Amyotrophic
3. Parkinson’s Disease
4. Huntington’s Disease
5. Alzheimer’s Disease
6. Guillain-Barre Syndrome Disease
7. Post-Polio

H. Non-progressive Spinal Cord Disorders
I. Peripheral Nerve Injuries
J. Polyneuropathies

K. Interventions to Improve Bed Mobility & Early Trunk Control
L. Interventions to Improve Sitting Balance
M. Interventions to Improve Kneeling and Half-Kneeling
N. Interventions to Improve Standing Balance
O. Interventions to Improve Upper Extremity Skills
P. Constraint Induced Movement Therapy

IV. METHOD(S) OF INSTRUCTION

A. Lecture
B. Textbook Readings
C. Supplemental Handouts
D. Active Learning in the classroom setting
E. Case Studies
F. Hands-on interaction during the laboratory portion of course in which the students
act as both the patient and the physical therapist assistant to practice skills.

V. REQUIRED TEXTBOOK(S)

(2nd ed.). St. Louis, MO: Saunders-Elsevier.

VI. REQUIRED MATERIALS

A. A computer with internet access and basic software to include Word and PowerPoint (available through Jefferson College labs)
B. Course homepage available through Blackboard
C. Appropriate clothing to both lab practice and practical testing experience as defined by student handbook
D. Equipment for lab to include gait belts, stethoscopes, blood pressure cuffs, and reflex hammers
E. Binder, paper, pens, pencils with erasers

VII. SUPPLEMENTAL REFERENCES

A. Class Handouts
D. Library Resources
1. Textbooks
3. Periodicals
4. Videos
C. Internet Resources
1. On-line references
2. Textbook companion website
3. American Physical Therapy Association (APTA) website

VIII. METHOD OF EVALUATION

A. Summative Written Examinations: 30%
B. Practical Examinations: 30%
C. Skills Checks: 10%
D. Written Assignments: 20%
E. Attendance/Participation: 10%
F. Grading Scale:
   A=92-100%
   B=84-91.9%
   C=75-83.9%
   D=65-74.9%
   F=64.9% and below

IX. ADA STATEMENT

Any student requiring special accommodations should inform the instructor and the Coordinator of Disability Support Services (Library: phone 636-797-3000, ext. 3169).

X. ACADEMIC HONESTY STATEMENT

All students are responsible for complying with campus policies as stated in the Student Handbook. Any student who cheats or plagiarizes will be subject to dismissal from the Physical Therapist Assistant program and will be referred to the college for disciplinary action. (See College website, http://www.jeffco.edu/jeffco/index.php?option=com_weblinks&catid=26&Itemid=84)
