VIII. METHOD OF EVALUATION (basis for determining course grade)

**GRADES** – Grades will be based on the percentage of total points earned out of total points possible for this semester. The assignments will vary in the number of possible points based upon amount of work involved and complexity of material. The student should be aware that proofreading and revision are extremely important when preparing homework. All writing assignments submitted for grading should be final drafts. Only error-free documents will receive an “A.” A final semester grade of 80% or above must be achieved in this course to successfully complete this course.

**ASSIGNMENTS** – Please plan to devote at least four to six hours per week for completing journal entering, reviewing, composing rough and final drafts, and preparing for the next portions of project. Assignments may consist of worksheets, textbook reading, review questions and other activities to enhance the learning experience.

Evaluation tools may include research journal, written or oral communication projects of findings and analysis and attendance/participation.

Expect to meet weekly with the instructor for discussion, advising, and constructive criticism. However, the student is personally responsible for the development and progress of the project. Contact via email and phone is encouraged.
All assignments must be typewritten and are due at the beginning of meeting on the assigned due dates. Late assignments will not be accepted.

Grading Scale: (Jefferson College Radiologic Technology Program’s)

A= 100-92%
B= 91.9-86%
C= 85.9-80%
D= 79.9-70%
F= 69.9 and below
I= Incomplete
W= Excused withdrawal from course

IX. ADA AA STATEMENT
