RDG 020: Introduction to Reading

I. Introduction to Reading

A. Prerequisite: “B” or better in RDG 010 or mandatory placement for students who have a COMPASS reading score between 45-61. Students with no ACT score or those testing below 18 on the ACT must take the Compass placement test. The ACT measures college-level achievement only, so it cannot place for remedial courses.

B. 3.0 credit hours

C. This course emphasizes reading techniques and an application of these techniques to a variety of texts, both fiction and non-fiction. This comprehensive reading program enhances reading rate, improves comprehension, expands vocabulary, and provides strategies for managing different types of reading materials. (F, S, Su)
